

North Star Rotary Youth Exchange
Outbound Student Applicant

Medical Questionnaire

Applicant Name: _____

Address: _____

Date of Birth: (MM/DD/YYYY) _____ Gender: _____

Participation in the North Star Rotary Youth Exchange Program is contingent on the health status of the applicant. While attempts are made to accommodate specific medical needs, some countries have specific medical exclusions and/or cannot offer adequate medical care for some conditions.

Complete this Medical Questionnaire as required for initial application. Once offered conditional acceptance into the Program a detailed Medical History and Exam Form and a Dental Exam form will be sent to the applicant. A medical provider and a dental provider must complete these forms. Completed forms must be included in the finalized application packet before an applicant can be considered for final assignment.

In the previous five (5) years has the applicant been diagnosed with or received treatment for any of the following? If yes, provide brief summary of condition/treatment/ongoing concerns in the space below. Attach additional sheets if needed.

- Anorexia, bulimia, other eating disorder
- Asthma
- Attention Deficit Disorder (ADD/ADHD)
- Bowel or digestive disorder
- Cancer
- Chemical dependency, illegal chemical use
- Diabetes
- Fainting episode
- Headache (migraine or recurrent)
- Hearing impairment
- Heart disease
- Menstrual disorder
- Mental health conditions
- HIV infection
- Seizure disorder
- Stomach ulcer or reflux (GERD)
- Visual impairment
- Weight changes (>10 pound gain or loss in past year)
- Other:
